December is National Hand Washing Awareness & Toy Safety Month

NOTICE: Currently, there is a shortage of B-12 serum and we only have a very limited supply until production resumes. Until then, B-12s will be given on a first come first serve basis.

² Did you know frequent hand washing is one of the best ways to avoid getting sick and spreading illness?

³

⁴ **IT'S A FACT:**
 Antibacterial soap is no more effective at killing germs than regular soap

⁵ **HAND WASHING STEPS**
 -Wet hands with warm water
 -Apply soap & rub hands vigorously for 20 seconds
 -Rinse with warm water
 -Dry hands thoroughly

⁶ After drying hands, always turn faucet off with a paper towel to keep from re-contaminating hands

⁷ **WHEN TO WASH YOUR HANDS:**
 -When handling food
 -Before eating
 -After using the bathroom
 -After sneezing, coughing or blowing your nose...

⁸ ...-After touching an animal
 -After touching a sick person
 -After touching contaminated surfaces
 -After changing diapers
 -When your hands are dirty!

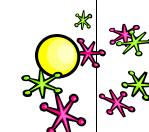

⁹ **NEED A GREAT CHRISTMAS GIFT?**
 A massage gift certificate makes a wonderful gift! Call 388-2599 for more information

¹⁰ Sneezing or coughing into your sleeve or a tissue, instead of your hands, reduces the chance of spreading germs

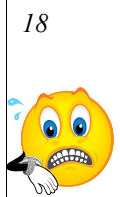

¹¹ **Remember,** toys with small parts should be kept away from children under three years of age.

¹² Also, small parts can be swallowed or become lodged in a child's windpipe, ears or nose

¹³ **Did you know?**
 Your spouse and legal dependents can also use the clinic

¹⁴ Cold and Flu Season is our busiest time of year- Appointments are encouraged!
Walk-ins are by availability only!

¹⁵ Buying your child a bike this Christmas? Don't forget the helmet!

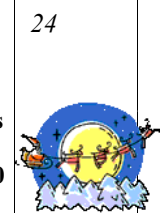

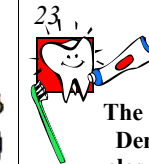

¹⁶ **FREE B-12 Shots Today Only!**
While Supplies Last!

¹⁷ When choosing toys, keep in mind the child's age, interests & skill level

¹⁸ **DENTAL CLINIC CLOSED**
 The Medical Analysis Dental Clinic will be closed Dec. 23-Dec. 30

¹⁹ **Clinic Closed**
Happy Holidays

²⁰ Pick up your free travel soap box at the clinic today!
