Mississippi Star School

Principal's Notes-

Viking Parents:

Our students have completed the first district tests of the second semester. The English and math tests were more rigorous and utilized "ACT style" formatting. We believe these changes will assist your child as he or she prepares to take the ACT in high school. So far the results have been encouraging. In the coming months, you will receive more information regarding changes to the Gulfport School District grading policy for 2012-2013. GSD personnel will conduct meetings at each school to explain the new policy and give you the opportunity to ask questions.

Progress Reports will be distributed on Wednesday, February 8th. If your child fails to bring home his or her Progress Report, you may contact the office for another copy. If you would like a conference with any of your child's teachers, call the office at 865-4633 and you will be contacted to set up a suitable date and time.

Sincerely,
Bryan Caldwell
Principal

The BVMS Fashion Club is collecting enchantment style dresses to put into the "Enchanted Closet". These dresses will be used to help students who might not be able to go to Winter Enchantment "all because of a dress". If you would like to help, please bring any dressy or party style dress to school next week and we will place it in our Enchanted Closet.

Dresses may be dropped off in either office beginning February 6th through February 10th,

Please be sure dresses are cleaned and ready to wear.

So...clean out your closets and help the Fashion Club with this very worthy cause!
