The minute hand is pointing to the 6.
The time is 3:30 or half past 3.

Open Syllable

One vowel followed by no consonants. The syllable is open and the vowel can scream it's name.

Closed Syllable

One vowel, followed by one or more consonants. The consonant closes in the syllable like a door, and the vowel sound is short.

Compare & Contrast

When you compare and contrast in reading, you are looking for things that are the **same** and things that are **different**.

For example:
Similarity- Both kids have glasses.
Difference- One kid is a boy, one kid is a girl.

Suffix -ed

sounds like /id/ /d/ /t/

When something has already happened, you usually add **ed** to the verb. It can make 3 different sounds.

sounds like /id/ like in **planted**
sounds like /d/ like in **splashed**
sounds like /t/ like in **looked**

Solve each problem.
