ACT Prep is a course that allows students to prepare for the college entrance test ACT. This class is designed for students who want to score well on their ACT test or to improve their ACT scores.

The purpose of this class is to help prepare students to score adequately on their ACT test and/or to raise their ACT score to a higher level.

The ACT is a multiple-choice standardized test which is supposed to measure your knowledge on some of the subjects taught in high school. With breaks, the test takes about three and a half hours. It is usually divided into four sections which are always given in the same order.

1. ENGLISH (45 MINUTES — 75 QUESTIONS)
2. MATH (60 MINUTES – 60 QUESTIONS)
3. READING (35 MINUTES – 40 MINUTES)
4. SCIENCE REASONING (35 MINUTES – 40 QUESTIONS)

In this class, we will learn test-taking strategies for the ACT test specifically which could also be applied to other tests as well as instruction in English, Math, Reading, and Science. You will also spend a great deal of time practicing on ACT tests. This is how you will study and prepare to take the ACT. From the tests that you take, you will discover your weak areas and you can work specifically on those areas to improve your score. If you really try to improve through the taking of these tests, you will find that your scores will improve. The more that you practice the ACT tests, the better you will become.

Google Classroom and Study.com will be used during this course to keep up with assignments and resources. Remember the success of learning if you are quarantined is to consistently maintain communication with your teacher and keep up with your assignments. Also, you need to ask questions if you do not understand a topic or assignment.

CLASSROOM POLICES AND PROCEDURES:

- EMAIL: The Gulfport School District has given Gmail accounts to all students. All assignments and written communication regarding assignments will take place through

the GSD account.

- PARTICIPATION: Your participation in this class is critical for your success. Sharing your “take” on course topics helps us all come to a greater understanding. There are, however, things you should keep in mind when participating:
- PLAGIARISM: According to dictionary.com, plagiarism is defined as: *unauthorized use or close imitation of the language and thoughts of another author and the representation of them as one's own original work*
Plagiarism in any form is not tolerated; when discovered, plagiarized work presented as your own will result in an automatic zero and referral to administration per the handbook.
