

Cyber Foundations 1: Lesson Plans - BVMS

Teacher: M. Bennington & M. Santa-Cruz

Week of: September 12th-16th

Subject: 7th Grade CF1

Standards:

- | | |
|---|---|
| 1 Orientation and Digital Citizenship | 2 Student Organizations |
| 3 21st Century Tool Box | 4 Keyboarding |
| 5 Word Processing Applications | 6 Spreadsheet Applications and Financial Literacy |
| 7 Graphic Design and Multimedia Presentations | 8 Problem-Solving |
| 9 Web Development | 10 Introduction to Block-based Programming |

Homework:

Parents and students need to complete a welcome letter and lab & class rules and procedures form in Google.

We do not have a lot of homework in CF1. Students can practice keyboarding at home if they choose by going to Typing.com however;. Keyboarding Online is what we use for class work and typing grades.

	Bell Work	Objectives	Procedures TI = Teacher Input, M = Modeling, GP = Guided Practice, IP = Independent Practice TTW = "The teacher will..." TSW = "The students will..." GC=Google Class	Assessment Observation, Project, Quiz, Unit Test, etc.	Essential/Target Question Formative Assessment/Closure
Mon	KBOL	Unit 3 Unit 5	<u>Anticipatory Set/Focus Question:</u> Google Docs	Assessment	EQ- What are the tools needed to make a document organized and professional looking? FA-How will you use Google Docs in your future?
