## **Gulfport School District Secondary Schools Code of Conduct**

### **I. Introduction**

The philosophy of our public schools presupposes that most disciplinary problems will be handled among teachers, parents, and students in a calm reasonable manner. This philosophy assumes that effective discipline leads to increased maturity and desirable behavior on the part of the student.

The teacher is the authority in the classroom and, as such, is charged with classroom management. The administration will continue to support the teacher in decisions made in compliance with the written student code of conduct. In accordance with Gulfport School District Policy, the building principal or assistant principal of each school will make the determination as to whether a student's behavior seriously interferes with the school environment.

A. The Gulfport School District Board of Education (“the Board”) is committed to providing a safe and orderly school environment where students may receive and district personnel may deliver quality educational services without disruption or interference. Responsible behavior by students, teachers, other district personnel, parents, and visitors is essential to achieving this goal.

B. The District establishes this Code of Conduct for use on school property and at school functions to govern the conduct of students, teachers, other school personnel, and visitors. This Code of Conduct has been developed in collaboration with students, teachers, administrators, parent organizations, school safety personnel, and other school personnel.

C. The District has a long standing set of expectations for conduct on school property and at school functions. These expectations are based on the principles of civility, mutual respect, citizenship, character, tolerance, honesty, and integrity.

D. The Board recognizes the need to clearly define these expectations for acceptable conduct on school property, to identify the possible consequences of unacceptable conduct, and to ensure that discipline, when necessary, is administered promptly and fairly. To this end, the Board adopts this code of conduct.

E. For the purposes of this policy, a school function is defined as any event occurring on or off school property, sanctioned or approved by the school, including but not limited to, off-site athletic events, school dances, plays, musical productions, field trips, or other school-sponsored trips.

Bullying is when someone is habitually cruel to others who are vulnerable. A bully is someone who bothers the same person over and over again because they want to hurt him/her physically or emotionally.

### If You Are Being Bullied

No one deserves to be bullied. You have the right to be treated fairly and to feel safe at school and on the internet. If you are being bullied...remember that it is not your fault – no one deserves to be bullied; tell an adult you trust – telling is not tattling; hang out with friends you know will support you when you are being bullied.

## **VII. Prohibited Student Conduct**

The Board of Trustees expects all students to conduct themselves in an appropriate and civil manner, with proper regard for the rights and welfare of others, and for the care of school facilities and equipment.

The goal of the District's policy on discipline is to teach students to assume and accept responsibility for their own behavior, as well as the consequences of their misbehavior. District personnel who interact with students are expected to use disciplinary action only when necessary and to place emphasis on the students' ability to grow in self-discipline.

The Board recognizes the need to make its expectations for student conduct while on school property or engaged in a school function specific and clear. The rules of conduct listed below are intended to do that and focus on safety and respect for the rights and property of others. Students who will not accept responsibility for their own behavior and who violate these school rules will be required to accept the penalties for their conduct.

Students may be subject to disciplinary action pending administrative judgment up to and including suspension from school, when they:

### **Student Dress Code**

The administration's philosophy is that the main purpose of public education is to promote an education for students which will allow them to become useful citizens in society. Any students who cause disruptions or concerns as a result of dress will be subject to appropriate disciplinary action. School authorities will take action against any student whose attire is deemed disruptive to the learning situation or embarrassing to others. Teachers may at any time counsel students about attire that may not be acceptable. Appropriate student dress is required for buses, campuses, and all school buildings.

1. Any style of clothing tending toward immodesty, indecency, or that is too revealing or risqué is prohibited.
2. All clothes must be worn properly at all times. Any pants that sag, making undergarments visible (including P.E. shorts), will be considered as a dress code violation.
3. Pants or shorts that have holes above the knee are not allowed.
4. Skirts and shorts must be school appropriate. Skirts, shorts, etc. should not have writing on the seat of the pants.
5. Shoes must be worn at all times and must be school appropriate.
6. All clothing should be of an appropriate size and fit for the student.

8. Clothing with suggestive symbols or gestures is not permitted.
9. Clothing advertising drugs or drug culture, references to gangs, tobacco, alcohol, or implying a violent or unlawful act is not permitted.
10. Tops that expose the midriff, any part of the bust, or an excessive part of the back are prohibited. If the student's midriff is exposed when his or her hands are extended above the head, the shirt will be considered too short.

21. Non-permanent dental coverings or extensions (i.e., grills, foil, etc.) **are not allowed.**
22. Only ear rings will be allowed as body piercing. Nose, lip, tongue, or belly rings **are not allowed.**
23. No headphones are allowed unless for instructional purposes.

***School administrators will determine the appropriateness or inappropriateness of school dress***

Each building principal or his or her designee shall be responsible for informing all students and their parents of the Student Dress Code at the beginning of the school year and any revisions to the dress code made during the school year.

Students who VIOLATE the Student Dress Code shall be subject to disciplinary action and will be required to modify their appearance by covering or removing the offending items and, if necessary or practical, replacing it with an acceptable item. Any student who refuses to do so shall be subject to discipline, up to and including in-school detention for the day. Any student who repeatedly fails to comply with the dress code shall be subject to further discipline, up to and including out-of-school suspension.

**Student Conduct on Buses**

It is crucial for students to behave in a responsible manner while riding on District buses. This is necessary not only to ensure their safety and that of other passengers, but also to avoid distracting the bus driver. For these reasons students are required to conduct themselves with the same standards and rules found in their classrooms. Excessive noise, pushing, and fighting will not be tolerated.

The District has adopted these regulations as guidelines for dealing with students who act in an unruly manner while on the school bus.

1. All students must behave appropriately as passengers on District school buses.
2. Major infractions such as fighting, smoking, possession of illegal substances, or possession of weapons will also result in an automatic suspension with the length of time to be determined by the building administration.
3. Problems of misbehavior on District buses will be addressed by the following process. (Copies of all written disciplinary notices will be forwarded to the transportation supervisor and the appropriate building administrator).

a. VERBAL WARNING

The bus driver will attempt to correct any discipline problems by asking the student to behave, and, if necessary, to assign seats to certain pupils.

b. FIRST WRITTEN NOTICE:

The bus driver will write a "Disciplinary Notice" and inform the student that he or she is being written up. There can be only one write-up per student per trip.

Copies of the write-up will be given to the driver, transportation supervisor, the

appropriate building principal, and the parent. The copy given to the driver will describe the action taken.

c. SECOND WRITTEN NOTICE:

The second written notice will follow the same procedure as the first. If warranted, the building principal will suspend the student from bus riding privileges for a maximum of three (3) days.

d. THIRD WRITTEN NOTICE:

The third written notice will follow the same procedure as the first and second and will be reviewed by the superintendent or his designee. If the facts are confirmed, immediate suspension of bus riding privileges will be automatic.

## PROCEDURES FOR BUS TRANSPORTATION

### a. Waiting for the Bus

1. Students who need bus transportation to school must be on time for the bus.
2. Students must observe all safety precautions while waiting for the bus.

4. Violation of these rules may result in a loss of bus privileges.

### **VIII. Disciplinary Responses to Student Misconduct**

The purpose of all discipline is to teach students appropriate and constructive behaviors and to change undesired behaviors. Disciplinary measures shall be appropriate to the seriousness of the offense and, where applicable, to the previous discipline record of the student.

This code divides types of misbehaviors into four levels of increasing seriousness, with more stringent disciplinary measures provided for at each level. If an infraction appears to fall between two levels, it should be categorized and dealt with at the less stringent level. At each level there are examples of infractions to be treated at that level. The list is intended to be descriptive rather than exhaustive. Each level also has a description of procedures which school officials should follow in administering discipline, and a menu of disciplinary choices. Because each child and each misbehavior is different, school officials should tailor the discipline for each infraction to best encourage the child to make better choices in the future.

#### **A. Level A**

These misbehaviors constitute minor infractions of school rules which cause little harm and minimal disruption. They are best handled quickly and informally. If the behaviors continue, however, their very persistence may make them disruptive enough to cause them to be treated as more serious infractions with more stringent consequences.

Examples of Infractions:

1. Failure to follow instructions
2. Classroom disturbance
3. Neglect of safety rules
4. Violations of bus rules
5. Violations of library rules
6. Litter/graffiti

7. Disturbance outside class
8. Violation of study hall privilege
9. Abuse of hall, locker, or library privileges
10. Tardiness
11. Inappropriate language
12. Failure to bring in a note for absence from school
13. Repeated taunting and/or teasing of others

#### Procedures

1. The supervising staff or observer intervenes and applies the most appropriate discipline.
2. The staff member maintains a record of offenses and actions taken if necessary. A copy of such record shall be shared with the appropriate personnel.
3. A staff member/observer will initiate parental contact and communication.
4. If misbehavior persists, the staff member confers with the principal or the principal's designee and arranges for parental contact.

#### Optional Disciplinary Responses

- A. Verbal reprimand
- B. Seat change
- C. Behavioral contract
- D. Restriction and/or loss of privileges

- I. Teacher-assigned Detention
- J. Warning letter
- K. Referral to in-school or out-of-school agency (Counselors)
- L. Any combination of the above

#### B. Level B

Misbehaviors included at this level are frequent and/or serious enough to disrupt the learning climate of the school and affect the student's own ability to learn. Some of these infractions may be a result of misbehaviors which continue even after disciplinary measures are taken under Level A. Because of the frequency and/or seriousness of these misbehaviors, the administrator assumes the major responsibility for corrective action.

#### Examples of Infractions

1. Unmodified Level A misbehavior
2. Continued harassment of other students including bullying, taunting, or teasing
3. Petty theft

4. Gambling
5. Use of profanity or obscenity

7. Defiance and insubordination
8. Forgery
9. Cutting scheduled classes or detention
10. Harassment graffiti (including gang symbols/signs)
11. Truancy

#### Procedures

1. The teacher or observer reports the infraction or refers the student to the administrator. A written report will be submitted to appropriate personnel.
2. The administrator meets with the student and/or the teacher and determines the most appropriate disciplinary response, and then informs the teacher of the action taken.
3. The parent or person responsible for parental control shall be notified.
4. The administrator maintains a record of the offense and the disciplinary action taken.

#### Optional Disciplinary Responses

- A. Continuation of the more stringent Level A options
- B. Recommend or refer for sustained counseling
- C. Parental Conference
- D. Temporary withdrawal of certain privileges or participation in school activities
- E. In-School Detention
- F. Out-of-School Suspension
- G. Alternative School

#### C. Level C

Classified at this level are behaviors which may cause lasting harm to the misbehaving student or which may threaten the health, safety, or emotional well being of others in the school. If the misbehaviors at this level could violate criminal laws, administrators may, if they consider it appropriate, contact law enforcement officials. In most cases, however, these behaviors can best be remediated through disciplinary action at the school and/or require referral to the Three Tier Intervention Process.

#### Examples of Infractions

1. Unmodified Level B misbehavior
2. Repeated truancy
3. Possession of tobacco and/or vape products on school property or a school bus
4. Extortion

5. Trespassing

#### Procedures

1. The infraction is reported or the administrator investigates further and confers with staff members on the circumstances and immediate needs.
2. The administrator confers with the student and parent or person responsible for parental control about the documented misbehavior, its extent and consequences, and subsequent disciplinary action. If suspension is part of the action, the administrator follows appropriate procedures.
3. If appropriate, the administrator contacts law enforcement officials.
4. Administrator makes an accurate record of the infraction.
5. Written statements are taken as needed.

#### Optional Disciplinary Responses

- A. Continuation of appropriate Level B options

- E. In-school detention
- F. Out-of-school suspension
- G. Referral to superintendent for possible hearing
- H. Referral to judicial system
- I. Any combination of the above
- J. Alternative School

#### D. Level D

Except for unmodified Level C behavior, the acts listed at this level are clearly criminal. They represent a direct and immediate threat to the welfare of others or may result in serious injury to the student, other people, or property. In most cases, they require administrative action which immediately removes the student from school and calls for the intervention of appropriate

authorities.

### Examples of Infraction

1. Unmodified Level C misbehavior
2. Stealing or possession and/or sale of stolen property
3. Extortion from other students
4. Indecent exposure

This includes impersonating a school employee through the means of Social Media in any context.

### Procedures

1. Having verified the offense, the administrator meets with all of those involved.
2. The principal initiates procedures according to established policy for excluding the student from school and notifies the parents or persons in parental control immediately.
3. The principal informs the superintendent.
4. School officials contact the proper authorities and assist in prosecuting the offender.
5. The principal submits a complete and accurate record to the superintendent for possible Board action.

## **IX. Definitions of Disciplinary Penalties, Procedures and Referrals**

Discipline is most effective when it deals directly with the problem at the time and place it occurs and in a way that students view as fair and impartial. School personnel who interact with students are expected to use disciplinary action only when necessary and to place emphasis on the students' ability to grow in self-discipline.

Disciplinary action, when necessary, will be firm, fair and consistent so as to be the most effective in changing student behavior. In determining the appropriate disciplinary action, school personnel authorized to impose disciplinary penalties will consider the following:

1. The student's age.
2. The nature of the offense and the circumstances which led to the offense.
3. The student's prior disciplinary record.
4. The effectiveness of other forms of discipline.
5. Information from parents, teachers and/or others, as appropriate.
6. Other extenuating circumstances.

As a general rule, discipline will be progressive. This means that a student's first violation will usually merit a lighter penalty than subsequent violations. If the conduct of a student is related to a disability or suspected disability, the student shall be referred to the TST Team and discipline, if warranted, shall be administered consistent with the separate requirements of this code of conduct for disciplining students with a disability or is presumed to have a disability. A student identified as having a disability shall not be disciplined for behavior related to his/her disability.

### A. Penalties

Students who are found to have violated the District's code of conduct may be subject to the following penalties, either alone or in combination. Consistent with the student's right to due process, penalties may be imposed by the personnel listed.

1. Oral warning – any member of the district staff.

2. Written warning – bus drivers, guidance counselors, teachers, administrator, superintendent.
  3. Written notification to parent – bus driver, hall and lunch monitors, coaches, guidance counselors, teachers, administrator, superintendent.
  4. Detention – teachers.
  5. Administrative detention – administrator, superintendent.
  6. Suspension from transportation – administrator, superintendent.
  7. Suspension from athletic participation – coaches, administrator, athletic coordinator, superintendent.
  8. Suspension from social or extracurricular activities – activity director, administrator, Superintendent.
  9. Suspension of other privileges – administrator, superintendent.
  10. In-school detention – administrator, superintendent.
  11. Removal from classroom by teacher – teachers, administrator.
  12. Short term (five days or less) suspension from school – administrator, superintendent, Board of Trustees.
  13. Long term (less than 10 days) suspension from school – administrator, superintendent, Board of Trustees.
  14. Permanent suspension from school – superintendent, Board of Trustees.
- The administrative staff at each school reserves the right to make decisions in all matters regarding student discipline as outlined in the Board Policy Manual.***

## B. Procedures

The amount of due process a student is entitled to receive before a penalty is imposed depends on the penalty being imposed. In all cases, regardless of the penalty imposed, the school personnel authorized to impose the penalty must inform the student of the alleged misconduct and must investigate, to the extent necessary, the facts surrounding the alleged misconduct. All students will have an opportunity to present their version of the facts to the school personnel imposing the disciplinary penalty in connection with the imposition of the penalty. Students who are to be given penalties other than an oral warning, written warning or written notification to their parents are entitled to additional rights before the penalty is imposed. These additional rights are explained below.

### 1. Detention

Teachers, principals and the superintendent may use after-school detention as a penalty for student misconduct in situations where removal from the classroom or suspension would be inappropriate. Detention will be imposed as a penalty only after the student's parent has been notified to confirm that the student has appropriate transportation to or from detention.

### 2. Suspension from Transportation

If a student does not conduct himself/herself properly on a bus, the bus driver is expected to bring such misconduct to the building principal's attention. Students who become a serious

disciplinary problem may have their riding privileges suspended by the building principal or the superintendent or their designees. In such cases, the student's parent will become responsible for seeing that his or her child gets to and from school safely. Should the suspension from transportation amount to a suspension from attendance, the district will make appropriate arrangements to provide for the student's education.

### 3. Suspension from Athletic Participation, Extracurricular Activities and Other Privileges

A student subjected to a suspension from athletic participation, extracurricular activities or other privileges is not entitled to an administrative conference. However, the student and the student's parent will be provided with a reasonable opportunity for an informal conference with the district official imposing the suspension to discuss the conduct and the penalty involved.

### 4. In-school Detention

The Board recognizes the school must balance the need of students to attend school and the need for order in the classroom to establish an environment conducive to learning. As such, the Board authorizes building principals and the superintendent to place students who would otherwise be suspended from school as the result of a code of conduct violation in "in-school detention". The in-school detention supervisor will be under the administration's direction.

On occasion, a student's behavior may become disruptive. For purposes of this code of conduct, a disruptive student is a student who is substantially disruptive of the educational process or substantially interferes with the teacher's authority over the classroom. A substantial disruption of the educational process or substantial interference with a teacher's authority occurs when a student demonstrates a persistent unwillingness to comply with the teacher's instructions or repeatedly violates the teacher's classroom behavior rules.

### 5. Out-of-School Suspension

Students who have been assigned to out-of-school suspension or in-school-detention may not participate in co-curricular or extracurricular activities.

## Basic Information

### **ACADEMIC AWARDS**

Academic awards will be given each year. Students will be chosen for these awards based on established criteria for each award.

### **ADDRESS CHANGE**

If at any time during the year a change of address or telephone number is made, the parent/guardian should immediately report such change to the office and submit proof. If we do not have the correct demographic information, we can no longer legally allow your child to attend our school.

## **ALTERNATIVE SCHOOL PLACEMENT**

- A. While enrolled in an alternative school program, students will not be allowed to attend any Gulfport School District function, nor will they be allowed on any Gulfport School District campus. This includes functions held off campus or at other schools, e.g. sporting events, dances, awards/recognition ceremonies, or field trips.
- B. Students placed in an alternative school setting must meet all academic and behavioral standards of the alternative school program prior to being considered eligible to return to the Gulfport School District, that includes transportation to and from The Alternative School.
- C. Students must have approval from the Gulfport School District administration, counselor, and/or special education director prior to their return.
- D. Upon return to the regular classroom, students will be placed on probation and will, with their parents, sign a behavior contract.

Gulfport School District buildings have been inspected for friable and non-friable asbestos as required by the Asbestos Hazard Emergency Response Act. Results of these inspections are on file in the principal's office and at the district administration office.

## **ATTENDANCE POLICY**

### **1. Attendance Law**

The district attendance policy, which serves to determine whether or not a student receives credit for a course, conforms to the State of Mississippi's compulsory attendance law. The state law serves to ensure that parents/guardians have their children in school 63% of every school day unless an absence is of absolute necessity.

### **2. Exception**

Absences will be excused for students who miss school for school-related activities that have been approved by the principal.

### **3. Lawfully excused absences include the following:**

- A. Illness or injury,
- B. Death or serious illness of a member of the immediate family,
- C. Medical or dental appointment, and/or court appearance,
- D. Conditions sufficient to warrant non-attendance (This will be determined solely by school authorities of the GSD.)

### **4. Unlawful absences**

- A. Absences for reasons other than those listed above are unlawful.
- B. Parental Liability
  - 1. If a child has not been in attendance/enrolled within fifteen (15) calendar days after the first day of school, or if a child has accumulated five

unlawful absences, the principal or superintendent will report the absences to the Compulsory School Attendance Enforcement Office of the State Department of Education.

2. Parents/guardians who refuse or willfully fail to adhere to this law will be guilty of negligence and educational neglect and, upon conviction, will be subject to a \$1,000 fine and/or up to one year in jail in accordance with Section 97-5-39 (Mississippi Code, 1972).
3. **Chronic Absence Identification** – Any compulsory school-age child missing for fifty (50%) or more of a school day, in which the absence is not due to a valid excuse will be reported as chronically absent to the School Attendance Officer.

5. **Parents/Guardians will be contacted by the automated phone system or secretary when their child is absent (excused or unexcused).**

6. **Students should adhere to the following procedure when seeking an excused absence:**

- A. When it is necessary for a student to be absent from school, the parent/guardian is required to submit legal documentation or a doctor's excuse to the office within 24 hours of the student's return to class. These should be submitted directly to the office.
  1. There is no limit to the number of doctor's excuses that may be submitted.
  2. Each middle school student is limited to four (4) parent-note absences per 9 weeks.
- B. In the event of extenuating circumstances, the parent/guardian may appeal to the building principal.

*School administrators will determine the appropriateness or inappropriateness of absence documentation.*

7. **Unexcused absences**

- A. Failure to submit a doctor's excuse or legal documentation will result in the absence being classified as "unexcused."
- B. On the fifth (5<sup>th</sup>) unexcused absence each 9 weeks, the student will not receive credit in the designated classes.

8. **Appeal Procedures**

The attendance policy has an appeal procedure for students who have missed more than the allotted number of days.

The following steps should be followed:

- A. A letter requesting a waiver must be submitted to the building principal within one (1) week of the end of the 9 weeks.
- B. The Board of Trustees requires the principal to approve or deny the request.
- C. Requests denied by the principal may be appealed to the superintendent and the Board of Trustees. The parent/guardian will be notified of the results of

the review.

**MISSISSIPPI COMPULSORY SCHOOL ATTENDANCE LAW**

**This law requires that a student must attend school until he/she has reached the age of 17 years on or before September 1 of the school year in question.**

**POLICY FOR MAKING UP MISSED WORK**

Immediately upon returning to school, students must make arrangements to make up all missed class assignments from an excused absence.

All tests missed during an excused absence must be made up under the supervision of the instructor or another approved staff member. Make-up tests will be comparable in quality and quantity to tests missed. A student will not be expected to take a test the first day after returning to school except when an assigned test is missed because the student checked out of school. In this case, the student will be expected to take the test as scheduled by the teacher.

All work missed must be made up within a time period not to exceed the length of time missed. Students who fail to complete the work during this time frame will be given a *zero* grade for the work not completed; however, the teacher may grant extended time. All work missed, other than tests or examinations may be made up at the teacher's discretion. If the teacher elects not to have the student make up all work missed, only the work made up will affect the student's grade.

Students assigned to Exclusion, ISD, or the alternative school are expected to complete work that is assigned while there. When the student returns to regular class, work that was assigned in that class while the student was in Exclusion or ISD will be made up.

**AUTOMOBILES AND PARKING – 9<sup>th</sup> through 12<sup>th</sup> Grade**

**A. General**

All vehicles driven and parked on campus must be registered in the office. Students must read, complete, and sign a registration form. **After September 1 any vehicle parked on campus without a permit will be towed away at the owner's expense.** Cars with no parking decal and cars that are parked in a prohibited zone, parked over the lines, or on the curb, may lose parking privileges, or will be towed at the owner's expense. After parking, students should lock their vehicle and enter the campus. Loitering in the parking lot and sitting on cars is not allowed. Excessively loud music will not be allowed on school property. School authorities or appropriate law enforcement agencies may search any vehicles parked on school property with no permission from the student, owner, parents, or legal guardians. Students, owners, parents, or legal guardians are responsible for items found in vehicles. The school will not be held responsible for cars stolen or damaged nor items stolen from cars.

**B. Parking**

Parking is allowed by permit only. **Students who need to go to their vehicle during school hours must first obtain permission from the office.** School hours include the lunch period.

Parking is not permitted in the center of any parking lot, in the bus zone, over the curb, on the school grounds, or in the service entrance of the cafeteria. **Vehicles may lose parking privileges or be towed at the owner's expense.** No one is allowed to save parking spaces for another. The fifteen miles per hour speed limit must be observed. All cars must be parked on campus in areas designated for student parking. **Excessive tardies to 1<sup>st</sup> block may result in the student driver losing his/her on-campus driving privileges.**

## **BICYCLES**

Students riding bicycles must park them in the bicycle rack which is located on the end of the main building (BVMS southeast end/GCMS southwest end and GHS southwest end of Admin Building). Bicycles must be walked on and off the campus.

## **BLOCK SCHEDULE AND CLASS LOAD (HIGH SCHOOL ONLY)**

The Semesterized Block Schedule is a non-traditional student and staff schedule based on offering each student five classes per day. The student will enroll in five classes during the fall term and five different classes during the spring term.

## **CAFETERIA**

School cafeterias are sustained as a vital part of the health program in the District's schools. To encourage good nutrition, a well-balanced lunch is offered in accordance with all state and federal guidelines.

Students are encouraged to have their parents complete a *free and reduced price meal application* at the beginning of each school year. Students may eat using the previous year's status for the first 15 days. If a new application is not received before that grace period ends, the student will be required to pay full price for meals.

Students at the middle and high school **will not be allowed to charge**, and credit cards are not accepted. Students are to leave their area as clean as possible for the next students.

	<i>Full Pay Rate</i>	<i>Reduced Rate</i>
<b>Breakfast</b>	1.25	.30
<b>Lunch</b>	2.50	.40
<b>Milk</b>	.50	
<b>Ice Cream</b>	.50 – 1.50	

Based on USDA guidelines, the delivery of outside food is not allowed in the Gulfport School District. Students may bring their lunch on a daily basis, but their lunch may not be delivered during lunch periods.

## **CANCELLATION OF SCHOOL**

Cancellation of school takes place only during circumstances such as extreme weather, equipment failure, or public crisis. The Board and administrators are aware of the hardship that can be caused by an abrupt cancellation of school. Therefore, school will not be cancelled unless a significant safety risk has been created by unusual circumstances. **(The Gulfport School**

**District is NOT part of the Harrison County School District.)**

### **CHECK-IN PROCEDURES**

A 9<sup>th</sup> through 12<sup>th</sup> grade student who is over 10 minutes late for class must check in at the attendance office and will be considered tardy. Tardy arrivals will not be excused. Students who are over 30 minutes late for a class will be considered absent in that class.

A 6<sup>th</sup> through 8<sup>th</sup> grade student's parent/guardian must sign students in who arrive after 7:50 a.m. - BVMS; 7:50 a.m. - GCMS. A parent or guardian must be contacted for students who arrive after 8:00 a.m. without a parent/guardian.

#### **1. Tardiness**

Students are expected to be on time for class each period during the school day, beginning with first period. Sufficient time is provided for students to walk from class to class, to electives, and to return from lunch. If a student is tardy at the beginning of the school day or between classes, he/she will receive two (2) warnings. Any tardies after that will result in disciplinary action. Excessive tardies will be handled through the Student Code of Conduct Procedures.

#### **2. Truancy**

A student is considered to be truant if absent from any class without the knowledge and/or permission of the parent/guardian. Any student who leaves campus without following the check-out procedure is truant and in violation of the City of Gulfport's curfew law. Parents are required to notify the school of a student's absence by calling the school attendance office before 9:30 a.m. The parent/guardian is required to follow-up with a doctor's excuse sent to the school upon the student's return to school.

Any student who is truant will be referred to an administrator who will follow the disciplinary process as defined in the Student Code of Conduct. Students who are truant will not be given the opportunity to make up daily class work. Students will receive a *zero* in all scheduled classes.

### **CHECK-OUT PROCEDURES**

NO STUDENT WILL BE ALLOWED TO CHECK OUT UNLESS A COMPLETED CHECK-OUT CARD IS ON FILE IN THE OFFICE. A CARD MUST BE COMPLETED BY THE PARENT/GUARDIAN. Only an adult (18 years and older) listed on the student check-out card will be allowed to check a student out. Any student wishing to check out due to illness must first see the school nurse who will contact the parent/guardian. No check outs are allowed after 2:30 p.m. without a doctor's appointment or permission from the principal.

1. Picture ID must be presented to check out a student.
2. Students will remain in the classroom until the parent/guardian or designee has reported to the school to personally sign the student out on the student's check-out card.

## COLLEGE VISIT ABSENCES

Students in the eleventh and twelfth grades will be allowed two additional days per year for college visits provided the student produces written documentation from the college.

## COUNSELING SERVICES

Through education, the counselors, teachers and administrators wish to help students reach their full potential. Counselors devote full time to helping students become lifelong learners, productive members of society and to enjoy the school experience. Listed below are a few of the issues with which counselors may assist students.

1. Making students aware of the sequential courses of study for the five career clusters in planning career paths;
2. Making future occupation plans;
3. Appraising and identifying personal abilities and interests;
4. Improving social relations;
5. Improving academic adjustments (example: taking tests, study habits);
6. Getting along with parents, siblings, teachers, friends, and others;
7. Controlling emotions;
8. Adjusting to a new school;
9. Making important personal decisions; (If it is important to the student, it is important to the counselors.)
10. Dealing with disabilities;
11. Adjusting to difficult classroom situations.

Concerned parents and students may contact the counselors at school any time during the regular school day, Monday through Friday. Students must get permission from their teacher when they need to see a counselor during a class period.

## DELIVERIES TO STUDENTS

In order to reduce interference with the smooth operation of the school and for the protection of students, deliveries must be controlled and monitored. No commercial deliveries to students will be allowed during the school day. All other items brought to the students must be delivered to the principal's office for distribution. Parents are discouraged from bringing lunches to students unless there are special, medically documented, dietary requirements that cannot be met any other way. Students who bring a "brown bag" lunch should bring it to school with them. The school will gladly receive and distribute necessary items sent or brought to the school by parents. **Deliveries of fast food items are prohibited during school hours (i.e. Wendy's, McDonalds, Pizza Hut, Subway, and/or any item from a restaurant or commercial food chain).**

## DISASTER DRILLS

### Tornado Drill

Students must move quickly and in an orderly manner to their designated areas under the direction of their teacher. The school will conduct at least two tornado drills per year.

## **Fire Drill**

Students must move quickly and in an orderly manner along assigned routes from the building to a safe outside area as directed by the teacher. The school will conduct at least one fire drill per month.

## **DISTANCE LEARNING**

In the event of a long term school closure, Gulfport School District may make distance learning opportunities available to students. This may include sending home additional work and available electronic devices for online learning opportunities.

## **DRUG ABUSE POLICY**

In compliance with the State of Mississippi laws concerning the issue of controlled substances, the Gulfport School District has adopted the following procedure regarding the use, sale, manufacture, or possession of any controlled substance on or in any part of the campuses or buildings in the District.

After gathering evidence that a student is using or possessing alcohol, or other drugs, including but not limited to, inhalants, drug paraphernalia, cannabis (marijuana), look-a-likes for the purpose of distributing, or any other controlled substance, the administrator will:

1. Provide oral or written notification of the nature of the violation and intended punishment.
2. Provide the pupil with an opportunity to tell his/her side of the story.
3. Explain the evidence of the violation upon which the administrator is relying.
4. Notify the parents of the charges and intended punishment.
5. Suspend the student.
6. Set up a hearing with the principal, parents, and student within the 9-day suspension period.
7. At the hearing, the following action may be taken:
  - a. All charges dropped and the suspension lifted.
  - b. A recommendation for expulsion is made to the Board of Trustees.

School authorities will cooperate with law enforcement officials concerning the unlawful possession of alcohol, drugs, paraphernalia, or any other controlled substance by students.

## **DRUG TESTING POLICY FOR STUDENTS IN EXTRACURRICULAR ACTIVITIES** (Gulfport School District Policy JCDAC)

The policy of the Board of Trustees is to require random drug screening for students involved in competitive extra/co-curricular activities.

The purpose of the random drug screening program is to aid and assist students and to protect their well-being and that of others who are associated with competitive extra/co-curricular activities in the Gulfport School District.

Students participating in competitive extra/co-curricular activities will be subject to random drug

screening to test for the following illegal substances, the use of which is expressly prohibited: including, but not limited to, marijuana, cocaine, amphetamines, methamphetamines, PCP, and such other drugs as may be identified by the Board.

Urinalysis testing will be conducted by a certified laboratory to be determined by the Board of Trustees of the Gulfport School District. Certification of the laboratory will be provided by the

Substance Abuse and Mental Health Services Administration. Sample collection will occur in the Bert Jenkins Gymnasium at Gulfport High School or such other locations as designated by the superintendent.

**1. PROTOCOL:**

- a. Mandatory drug testing for randomly selected students who are involved in any competitive extra/co-curricular activity will be conducted at least three times a year and may be conducted at any time (fall, winter, and spring) to cover the beginning of all major sports activities.
- b. All students who are randomly selected for testing will be asked to report to the Bert Jenkins Gymnasium, or other designated sites, at an appointed time scheduled by the Drug Testing Coordinator to provide the required samples.
- c. Any student refusing to participate in the drug screening program will be ineligible to participate in competitive extra/co-curricular activities.
- d. In the event of a **positive test result**, the sample will immediately be tested a second time, using a different procedure, to verify the accuracy of the first test.
- e. At the end of the student's high school career, results will be removed from the student's file.

**2. PROCEDURE:**

**A. First Positive Test (See PROTOCOL, I.D.)**

- 1) The Drug Testing Coordinator will contact the building principal, and give him/her a copy of test results.
- 2) The principal/athletic director will contact the parents, student, and coach or activity sponsor and inform them of the positive test, and the following procedure will be initiated:
  - a. The student will be suspended from all competitive extra/co-curricular activities (including practice) for thirty (30) calendar days, and;
  - b. The student will be required to attend a drug awareness/education program conducted by the GHS Interventionist. The student will meet with the Interventionist for five (5) sessions during the thirty-day suspension. Failure to attend all sessions will result in continued suspension from competitive extra/co-curricular activities until all five sessions have been completed.
- 3) A **second sample** will be collected from the student at the end of thirty (30) calendar days for a re-test. (Second sample will be tested twice using two different methods.) If test results are negative, the student will

be allowed to resume participation in the competitive extra/co-curricular activity. Another positive test will be considered a *second positive test*, and the student will be subject to guidelines under Section B. (Second Positive Test)

**B. Second Positive Test**

- 1) The Drug Testing Coordinator will contact the building principal, give him/her a copy of the test results, and inform the principal that the student's re-test at the end of thirty (30) days (using two different methods of testing) produced a *second positive test*.
- 2) The principal/athletic director will contact the parents, student and coach/activity sponsor and inform them of the *second positive test*, and the following procedure will be initiated:
  - a. The student will be suspended from all competitive extra/co-curricular activities for an additional forty-five (45) school days.
  - b. The student will be required to attend a drug education program offered by a community-based behavioral health clinic as selected by the Board of Trustees. Failure to complete the program will result in a suspension from all competitive extra/co-curricular activities for one calendar year beginning on the date that the additional forty-five day suspension started.
  - c. After providing proof that an approved drug education program has been completed, the student will be required to undergo an assessment by the GHS Interventionist before being allowed to participate in any other competitive extra/co-curricular activity.
  - d. If the student has complied with all requirements listed above, a *third sample* will be collected from the student for a re-test at the conclusion of the suspension. If the test is negative, the student will be reinstated and allowed to participate in the competitive extra/co-curricular activity. Another positive test will be considered a *third positive test*, and the student will be subject to those guidelines under Section C (Third Positive Test).

**C. Third Positive Test**

- 1) The Drug Testing Coordinator will contact the principal, give the principal a copy of the test results, and inform him/her that the student's re-test at the end of the suspension was positive.
- 2) The principal/athletic director will contact the parents, student, and coach/activity sponsor and inform them of the *third positive test* and the following procedure will be initiated:

The principal will send a letter by certified mail informing the parents and the coach/sponsor that the student is suspended from extra/co-curricular activities for the remainder of the school year and cannot be reinstated thereafter until the student has provided proof that he/she has completed a certified drug rehabilitation program and has satisfied all requirements of

the Gulfport School District.

**3. PROCEDURE FOR REINSTATEMENT**

A **third positive test** establishes that the student has a serious drug problem. After providing proof that the student has completed a certified drug rehabilitation program and has passed any drug tests requested by the school district, the student may apply, in writing, to the principal for reinstatement in competitive extra/co-curricular activities.

4. Positive test results will be treated as cumulative during a school year. For example, if a student tests positive in the fall, tests negative on the next re-test, then positive again any time thereafter during the school year, the second positive test will be a **second positive test** as outlined in Section B. and will trigger the procedures outlined in Section B.

**Drug Dogs**

The following guidelines will be the basis for the use of a drug-sniffing dog in the Gulfport School District:

1. Use of the dog will occur with the designated representative of the Gulfport Police Department or Sheriff's Department and a school representative designated by the principal;
2. A properly trained dog may be used for the purpose of drug detection during the school day or at other times as requested by school officials;
3. At the beginning of each academic year, students and parents will be advised of the possible use of a drug dog, and that the detection of illicit drugs will be reported to the proper legal officials;
4. Use of the drug dog in a school will be carried out only with the approval of the Superintendent or designee.
5. Use of the drug dog in a school will be in accordance with reason and good judgment and will take into consideration legal requirements in the courts and appropriate statutes.

**ELECTED STUDENTS PROCEDURES**

**RATIONALE**

The Gulfport School District has provided the criteria below to promote excellence among the students who attend Gulfport middle and high schools. These procedures apply to those student-elected positions that will not deter a given student's opportunity for educational upward mobility. These procedures apply to any student-elected position on the middle school / high school campuses of the Gulfport School District.

**THE STUDENT WILL**

- Have earned an overall cumulative 3.2 average for the previous academic year,
- Obtain three (3) letters of recommendation from current faculty members and one (1) letter of recommendation from the school level administration based upon such characteristics as good judgment, integrity, and maturity; and
- Have no disciplinary referrals during the current school term.

## **ELECTRONIC DEVICES**

### **Cell Phones, eBooks, iPhones, and iPads**

Cell Phones and iPads are not to be used in the buildings. Headphones are not permitted on campus unless there is an educational purpose in the classroom.

As information technology evolves, the use of cell phones, eBooks, iPhones, and iPads provides outstanding educational opportunities. With **teacher permission** students may use cell phones, eBooks, iPhones, iPads, and headphones in instructional environments. Students are expected to be on educational websites or using these electronic devices for instructional purposes.

The District understands that there is potential misuse of these electronic devices; therefore, each student must sign a District Acceptable Use Policy that outlines the student responsibilities for appropriate use of electronic devices.

#### Consequences of Unacceptable Use:

- If a student is found using his/her electronic device inappropriately, a staff member will direct the student to surrender the device – the student will be expected to comply, or face consequences for defiance/non-compliance as defined in the Student Code of Conduct.
- All forfeited devices will be turned in to the office, and the parent may retrieve the device after 7 days.
- After the second breach of this policy, a parent/guardian must meet with the administration and the device will be returned after 14 days.
- Any further breaches of this policy will be dealt with as defiant/non-compliant behavior as defined in the Student Code of Conduct and the device will not be returned until the end of the school year.
- **Improper use of the electronic devices that violates the District Acceptable Use Policy may result in immediate and possible permanent loss of use of electronic devices on campus and disciplinary action as defined in the Student Code of Conduct.**

*Note:* The school will not be responsible for any items lost or stolen after they are confiscated. Any items that are not picked up by June 10<sup>th</sup> will be donated to a non-profit organization.

## **EMERGENCY DRILLS**

### **1. Fire Drills**

By law, fire drills are required monthly and are an important safety precaution. It is essential that when the first signal is given, everyone obeys the order promptly and clears the building by the prescribed route as quickly as possible. The teacher in each classroom will give instructions to students.

A fire evacuation plan is posted in each room. Students should study the plan and become familiar with it. When the fire alarm sounds, students will immediately stand and form a line as they leave the building. Running is not permitted.

Students are not permitted to talk during a fire drill and are to remain at least 100 feet away from the building until the principal or designee gives the signal to return to the building.

## **2. Natural Disasters**

The signal for a disaster drill will be an announcement from the intercom; runners will notify the teachers in the event of malfunctions. Students will follow the plan posted in each classroom. Students should move away from the windows and sit on the floor.

Books or other objects may be used to protect the head from falling materials. Desks or tables may be utilized for protection if needed. Students are to proceed quietly, orderly, and quickly at all times, as directed.

## **EQUAL OPPORTUNITY**

No person shall on the basis of sex, race, color, age, religion, disability, handicap, or national origin be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any academic, extracurricular, occupational training, or any other program or activity operated by the Gulfport School District.

Any inquiries regarding Title IX and Section 504 and its application may be directed to the Federal Programs Coordinator or the Director of the Office for Civil Rights, Department of Health, Education and Welfare.

## **EXTRA/CO-CURRICULAR ACTIVITIES**

Students who are members of the approved organizations must demonstrate a continuing commitment to the organization by taking initiative, being respectful, and acting as a positive role model for the student body.

Students participating in extra-curricular activities must be present for 3/4 of the school day in order to participate in an activity on that given day. If a student has excessive absences, the school administration will decide whether the student is eligible to participate on field trips.

All students must be in compliance with the extra-curricular activities policy as outlined in the Gulfport School District policy manual. Students selected for annual staff and newspaper staff must be attending BVMS or GCMS when application is made.

## **1. Middle School Annual Staff**

Middle School annual staff consists of eighth grade students who have demonstrated academic excellence, school spirit, responsible behavior, and a good work ethic. The annual staff will produce a student yearbook.

### **GHS Annual Staff**

There will be no more than thirty-five members on the annual staff, grades 10-12. The majority of these students will participate in the journalism class for only one semester (although a few may be scheduled for both semesters).

Students interested in being on the annual staff must fill out an application to be obtained from the sponsor or the student's counselor during scheduling for the next school year.

Selection will be based on the following:

1. Students must complete an application form.
2. Students will be evaluated or recommended by each of their teachers during the students' year(s) at Gulfport High. The teacher evaluation will consist of scores from 1 (low) to 10 (high) in each of three categories: dependability, creativity, and attitude.

4. Should more than thirty-six individuals receive average scores of 9 (or a total of 27) or higher on their teacher evaluations, personal interviews with the sponsor will determine selection.

### **3. Middle School Clubs and Meetings**

Each student has the opportunity to join a school/teacher-sponsored club. It is possible for students to request a new club or activity if enough students are interested and a faculty member is available to sponsor the activity. Approval by the principal is required for all clubs.

#### **High School Clubs and Meetings**

The principal will approve formations of new clubs. Each club must present a constitution, a list of at least twenty members and a sponsor's name. If all requirements are met, the principal will issue a charter for that club to operate. As long as a club remains in good standing, it may continue to function each year. Periodic evaluations of clubs will be made, evaluating how well the club is functioning, the desire of its members to continue working, and participation of the club in a school service project. If the club does not meet its objectives, the principal has the option of revoking the charter or putting the club on probation. If put on probation, a list of issues that need to be addressed will be given to the club.

**The sponsor must supervise all club meetings.**

A fundraising request form outlining details of the project must be submitted. Money raised from the approved projects must be used for the purpose stated on the fundraising form. The treasurer or sponsor will deposit with the office bookkeeper all money the organization acquires during the year and will receive a receipt from the bookkeeper. The sponsor must obtain a purchase order before purchases are made. The principal and the sponsor must sign bills that are presented for payment before such payment is made. At the end of the year, the records of the organization must balance with the records of the bookkeeper.

## **4. Dances**

Students leaving campus during the school day must be officially released by the principal.
- E. Application for extraordinary participation must be submitted to the Athletic Director. The application will be submitted to the appropriate principal who will appoint a review committee. Appeals of decisions not considered in the best interest of the student will be made to the Superintendent and Board of Trustees.
- F. Any student participating in any school related athletic program may be subjected to a random drug test, see policy JCDAC for more detail.
- G. Exceptions to this policy may be made on a case-by-case basis. If a middle school student-athlete benefits from participating on a 9<sup>th</sup> grade, junior varsity, or varsity team, he/she may be allowed to do so following consultation with the student, parent, coach, middle school principal, and Athletic Director.

### **EXTRA-CURRICULAR ACTIVITIES – GENERAL RULES**

Rules, regulations, and codes of conduct for Gulfport High School extend and apply to the extra-curricular programs for the school. The director, coach, or sponsor may establish additional rules and regulations governing the various programs. It will be the responsibility of the students to become familiar with the rules and regulations in any activity program in which they participate.

#### **General Liability Rules for High School Extra-curricular Activities:**

Gulfport High School has a wide offering of extra-curricular activities. They are designed to give students the opportunity to grow and enjoy experiences other than purely academic endeavors. The administration recognizes that participation in extra-curricular activities is a privilege rather than a right. The intent is that students will work to maintain their grades and desirable behavior as a prerequisite to participate in activities.

1. Philosophy:
  - a. Participation in extra/co-curricular activities is a privilege students must earn through responsible behavior and acceptable academic achievement.
  - b. Participation in extra/co-curricular activities provides students with individual training and experience in team-work and leadership skills, and the school should provide such activities within available resources and opportunities, scheduling them conveniently to enable and encourage students to take advantage of the activities provided.
2. Definition of Terms:
  - a. Extra-curricular Activities – All activities that take place primarily outside the normal school day or, though they take place during the normal school day, do not earn Carnegie unit credit.
  - b. Co-curricular Activities – Activities that earn Carnegie unit credit or middle school credits and include participation in those that occur outside the school day. Band and chorus are two typical examples, but a few other activities may also qualify as co-curricular activities under certain circumstances.
  - c. Eligibility – A student's compliance with the academic and conduct requirements will determine the student's eligibility to participate in extra/co-curricular activities. A student may be eligible, on probation, or ineligible as determined by the student's academic status and conduct.
  - d. Probation – A student who is determined to be ineligible may be allowed to continue participation in extra/co-curricular activities for a specified time period while attempting to regain eligibility.
3. Eligibility Policy:
  - a. The student must be taking a minimum of four Carnegie units.
  - b. Eligibility standards must be met by the student during the previous term, with

summer school included for assessing eligibility for the following semester.

- c. Students in OSS are temporarily ineligible during the time of the suspension. The cause for suspension and penalties imposed on the student may include a longer time of ineligibility as determined by the principal.
  - d. Students participating in competitive extra/co-curricular activities will be subject to random drug screening to test for illegal substances as outlined in Gulfport School District policy JCDAC in the Policy section of this handbook.
  - e. When applicable, the student must meet requirements of the Mississippi High School Activities Association and/or requirements of other national organizations (e.g. National Honor Society, Beta Club). To be eligible for some activities, higher level standards may be imposed by mutual consent of school administrators, sponsors, parents, and students.
4. Exceptions:
- a. Homecoming participants, “who’s who” contests, talent shows, yearbook recognition elections and other short-term activities as determined by the administration shall be excluded from the requirements of this policy.
  - b. Special Education students in good standing who perform satisfactorily in accord with requirements of their IEP (Individual Education Plan) are eligible to participate in extra-curricular activities.
5. Probation:
- a. A participant who fails to maintain academic eligibility requirements will be placed on probation for one-half term immediately following the term in which academic requirements were not met. If the participant’s grades improve to the required level during the probation period, he/she may continue to participate for a second term so long as the grades remain satisfactory. The student will be ruled fully eligible for the next following term if all academic requirements are met by the end of the term. If academic requirements are not met, the student will remain ineligible until a term is completed with all requirements of the eligibility policy being met.
  - b. A participant who loses eligibility temporarily because of unacceptable conduct will regain eligibility as determined by decisions of the administration.
6. Appeal Process:
- An appeal process will be established to enable any participant determined to be ineligible to have the case reviewed upon request of the participant, the parents, or the sponsor. The process will proceed as follows:
- a. Appeal is initiated with the principal.
  - b. A meeting with the principal, a parent, the activity sponsor, and the teacher(s) who issued the failing grades will be scheduled. This committee will examine pertinent school records of the student, the student’s attitude toward school, the opinion of the student’s teachers regarding the student’s abilities, the presence of any extenuating circumstances affecting performance, the student’s needs in order to improve academically, decisions regarding extra/co-curricular activities that are in the student’s best educational interest, and any other factors judged by the committee to be pertinent for determining a disposition for the appeal. The student may be determined to be ineligible or reinstated with or without other

- stipulations.
- c. If the student is not satisfied with the disposition determined by the committee, the decision may be appealed to the superintendent.
  - d. If the student is not satisfied with the decision of the superintendent, an appeal may be made to the Board of Trustees. The decision of the Board of Trustees is final.

  - b. Students will not be allowed to attend GHS Homecoming dance or Spring Prom.
  - c. Students with fines not cleared within a nine-week period will be placed on inactive status for clubs and organizations. Students clearing fines within this period will receive a library clearance slip and will be reinstated as members in good standing. Club sponsors will receive a list of students with fines at the beginning of each nine-week period.

## **FUNDRAISING**

The only fundraising activities allowed in school are those approved by the principal and the Superintendent's designee. Only items related to school activities or approved by the administration may be sold on the school campus. Any student in violation of this can be subject to disciplinary action. **Students who participate in fundraising activities that are approved and supported by the school administration must have signed permission from their parent/guardian. Students are requested not to solicit sales "door-to-door".**

## **GANG/GROUP ACTIVITY OR ASSOCIATION:**

Gangs or groups that initiate, advocate, or promote activities that threaten the safety or well being of persons or property on school grounds or that disrupt the school environment and are harmful to the education process, are prohibited. Any behavior, by virtue of color, arrangement, trademark, symbol or affiliation with a gang/group which presents a clear and present danger, is prohibited. Such behavior includes the manner of grooming; the use of hand signals; wearing jewelry, accessories, and graffiti on one's clothing, person, or notebooks that is contrary to a positive school environment and educational objectives, and any behavior that creates an atmosphere where unlawful acts or violations of school regulations may occur.

## GRADING

A student's term average is a reflection of his/her work ethic in completing the curriculum for the courses he/she has taken. Board Policy determines how percentages will be apportioned based on the following:

I Incomplete  
70% Assessments  
30% Projects / Class Grades

**Gulfport School District  
Secondary Grading Scale**

The middle/high school grading scale will be as follows:

<u>Range</u>	<u>Grade</u>
90-100	A
80-89	B
70-79	C
65-69	D
Below 65	F
Incomplete	1*

*To determine the report card grade multiply the percent correct by .04: Score of 100 yields 4 (100 \* .04 or 4 \* 1.0); Score of 86 yields 3.44 (86 \* .04 or 4 \* .86).*

**Promotion/Retention:** Students in grades 6-8 must earn a 2.4 or higher overall Core GPA for grade level promotion. *Students will not receive Carnegie Units or the corresponding quality points if they earn less than 2.4 in any credit bearing course.*

If a subject is failed and not repeated, the recorded grades will be used in computing 9th through 12<sup>th</sup> grade students' GPA.

**Progress Reports** are issued at mid-term, and it is the student's responsibility to ensure parental inspection. When parents receive an unsatisfactory progress report, they should arrange a conference with the teacher to help the student resolve the problem.

**Report Cards** are issued at the conclusion of each term.

The *Chalkable Parent Communication Center* is a web-based portion of our student information system that allows parents secure access to their child's attendance, discipline, grades, progress and transcript information, where applicable. ### **HONOR CODE FOR GULFPORT HIGH SCHOOL**

#### **Philosophy:**

The administration at Gulfport High School expects the staff and students to have a firm conviction in the values of integrity.

#### **Parents’ Role:**

As partners in the education process, parents must teach and support the ethical value of honesty. It is the parents’ responsibility to share in the enforcement of the school academic honesty policy.

A good school climate is one of the necessary ingredients of an effective school program. The staff at Gulfport High School expects students to conduct themselves in a manner that will foster a positive influence on the school campus. Students who have any kind of problem at school should report the problem to a teacher or principal for appropriate handling. If the matter is not resolved, the student should make the principal aware that the problem still exists by reporting the problem again directly to the principal. Students should not take matters into their own hands or attempt to resolve problems that should be handled by teachers or administrators. **Necessary measures will be taken to maintain a school environment conducive to good instruction and learning.**

In less severe cases, the administration and faculty will attempt to modify unacceptable behavior by verbal correction, student and/or parent conference, after-school detention, and in-school-detention. In severe or continuous cases, alternative school or expulsion may be assigned. Our hope is for students to modify their behavior, and continue their education.

#### **Teacher Authority:**

In order to maintain a proper atmosphere for learning, it is imperative that discipline be maintained at all times. Discipline will be fair and consistent. The teacher is authorized to discipline the classroom and is further authorized to discipline any student at school or at school-sponsored events.

**Consequences of Academic Dishonesty:**

1. The student will be given a grade of "0" for the test, assignment, essay, paper, quiz, project or any other educational material for which the incident occurred.

5. The student will be suspended out of school for one (1) day.
6. Severe cases may result in removal from clubs, leadership positions, etc.

**Definition of Cheating:**

Cheating occurs when students obtain or assist others in obtaining credit for work that is not their own. The student is the person most responsible for his/her education. Under no circumstances should a student claim ownership for any work in part or in whole that is not the student’s own. Unauthorized sharing of one’s work is not tolerated. This includes plagiarism of another individual’s or group’s body of work including on-line (electronic) documents.

## **SAFETY**

The Board of Trustees, administrative staff, teachers, and support staff recognizes the responsibility for the safety of all students, employees, visitors, and parents on district property or at school-sponsored events. This extends to possible natural and/or man-made disasters that are best met by planning and preparedness. The Board of Trustees authorizes a system of emergency preparedness to insure:

1. the health and safety of students and staff is safeguarded;
2. the time necessary for instructional purposes is not unduly diverted;
3. there will be a minimum of disruption to the educational program;
4. students are taught self-reliance and trained to respond sensibly to emergency situations. All health and safety threats will be identified by appropriate personnel and responded to promptly in accordance with the emergency response plan.

## **SCHEDULES**

Student schedules will not be changed unless there is a conflict, an error, or the change is an administrative or medical necessity. Changes will not be made for reasons such as dislike of teacher, of subject, or of classmate.

## **SCHEDULE ADJUSTMENTS**

Schedule adjustments **must be initiated within the first seven days of the 9 weeks** by obtaining a Schedule Change Request form from the counselor, completing, and returning to the counselor. Students will be notified of the status of their requests as soon as possible. Students are expected to follow their existing schedules until notified of any adjustment.

During the spring semester, students in the Gulfport School District are given an opportunity to select courses for the following year. The number of selections will be determined and course offering will be based on the requests of the students. In order to stabilize class rolls and to achieve educational goals, adjustments to schedules must be kept to a minimum. The only changes that merit consideration are:

1. Correcting scheduling errors;
2. Adding a class during the first seven days of each 9 weeks, provided there is room in the section and the student does not have a class already scheduled in that time period;
3. Adding a course to meet specific graduation requirements;
4. Adjusting for students who attended summer school; and
5. Reducing an over-crowded class; and
6. Making changes deemed necessary by the principal.

**NOTE: NO ADVANCED PLACEMENT (AP) CLASSES WILL BE DROPPED AFTER JULY 1. TEACHER CHANGE REQUESTS WILL NOT BE HONORED, AND DROPPING COURSES TO BECOME AN AIDE WILL NOT BE ALLOWED. ANY CLASS DROPPED AFTER THE DEADLINE WILL RESULT IN A GRADE OF 2.0/F OR 1.0 ON 4.0 SCALE.**

#### **Notification of Rights under FERPA for Elementary and Secondary Schools**

The Family Educational Rights and Privacy Act (FERPA) affords parents and students over 18 years of age ("eligible students") certain rights with respect to the student's education records.

These rights are:

The right to inspect and review the student's education records within 45 days of the day the school receives a request for access. Parents or eligible students should submit to the school principal or other designated school official a written request that identifies the record(s) they wish to inspect. The school official will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.

- 1) The right to request the amendment of the student's education records that the parent or eligible student believes are inaccurate. Parents or eligible students may ask the school to amend a record that they believe is inaccurate. They should write the school principal or other designated school official, clearly identify the part of the record they want changed, and specify why it is inaccurate. If the school decides not to amend the record as requested by the parent or eligible student, the school will notify the parent or eligible student of the decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.
- (2) The right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent. One exception, which permits disclosure without consent, is disclosure to school officials with legitimate educational interests. A school official is a person employed by the school as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the School Board; a person or company with whom the school has contracted to perform a special task (such as an attorney, auditor, medical consultant, or therapist); or a parent or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility. Upon request, the school discloses education records without consent to officials of another school district in which a student seeks or intends to enroll.

- (3) the right to file a complaint with the U.S. Department of Education concerning alleged failures by the *School District* to comply with the requirements of FERPA. The name and address of the Office that administers FERPA are:

It includes, but is not limited to, the student's name, address, telephone listing, electronic mail address, photograph, date and place of birth, major field of study, dates of attendance, grade level, enrollment status, participation in officially recognized activities and sports, weight and height of members of athletic teams, degrees, honors and awards received, student work (without grades) for display at the discretion of the teacher, and the most recent educational institution attended. Unless the parent or guardian notifies the Gulfport School District (the "District") otherwise within five days after notification by receipt of the Handbook and Code of Conduct for Students and Parents, consent is implied for the District to release directory information. This implied consent includes the release of student directory information or non-directory information such as student work for use in the following ways:
